Marsha Linehan // Andy Skodol

Moshe Szyf // Peter Tyrer

1 – 3 July 2010

bcc Berliner Congress Center

Berlin, Germany

1st International Congress on
Borderline Personality Disorder

2nd Announcement

Call for Abstracts

Dear Colleagues,

It is a great honour for us to host the 1st International Congress on Borderline Personality Disorder from 1st to 3rd July 2010. We are pleased to invite you to join us in Berlin, the historic German "borderline" metropolis where now East meets West in the beating heart of a changing Europe.

Over the last years, both basic and applied research on borderline personality disorder (BPD) have rapidly emerged. We are sure that the launching of a first international congress focussing primarily on BPD is almost overdue. On behalf of the Board of Directors and the Organizing Committee of the Congress we would like to welcome all scientists from both basic and clinical research interested in studying the biological, medical, social and therapeutic consequences of BPD as well as emotion regulation disorders and impulsivity.

At this congress, top scientists and clinicians will give an insight into their newest contributions to the research on BPD and to the treatment of BPD and related disorders. The variety of symposia will surely be stimulating for all participants.

We are looking forward to welcoming you in Berlin from 1st to 3rd July.

Yours sincerely

Martin Bohus, MD
Congress President

Thorsten Kienast, MD
Local President

➔ Registration Fees

Member Dachverband DBT	EUR 180,00
Non-Member	EUR 350,00
Student*	EUR 90,00
Practice Seminar**	EUR 50,00

* Please forward a copy of your student ID via email or fax to the congress office:
CPO HANSER SERVICE GmbH
Paulsborner Str. 44 // 14193 Berlin, Germany
Phone: +49-30-300 669 0
Fax: +49-30-300 669 50
Email: borderline-congress@cpo-hanser.de

** Only in combination with the congress fee.
The list of offered practice seminars will be published soon.

➔ Presentation Formats

Plenary Lectures (B)

Eminent experts will present papers on the congress' main topics.

Symposia (S)

Symposia are scheduled for 90 minutes which equals four speakers chaired by two scientists.

Abstract submission deadline:
1 March 2010

Practice Seminars (PS)

Practice Seminars help to further broaden the participant's expertise in a particular field of knowledge. The duration of each course is between 90 and 2x90 minutes. The participation at these courses is not included in the congress registration fee.

Abstract submission deadline:
1 March 2010

Oral presentations (OP)

The oral presentations will be selected by the Scientific Committee after abstract submissions have been reviewed. The 60-minute sessions will be grouped by topics and chaired by selected specialists. The time slot for a single presentation in a free communication is 15 minutes including discussion time.

Abstract submission deadline:
31 March 2010

Posters (P)

There will be two poster sessions during the congress. The posters will be grouped into thematic Guided Poster Tours chaired by renowned specialists. The Guided Poster Tours will give the authors the opportunity to present their findings and discuss them with the audience. Abstract submission deadline: **31 May 2010**

➔ Scientific Programme
